Description: COBALT 336 A VENDRE

- 2 x Volvo Penta 380 avec seulement 350 heures
- Joystick + stern drives Ocean-X
- Wetbar
- Toit rigide
- Cabine (TV) + toilette
- Air climatisé + génératrice
- New canvas (2020)
- Remorque incluse

N.B. Vous pouvez acquérir ce yacht comme tout autre yacht sans avoir à payer de taxe Américaine ni Canadienne si le bateau navigue toujours hors du Canada avec une immatriculation Canadienne (Le bateau doit appartenir à un Canadien).

P.S. If you are a Canadian citizen, you may purchase this or any other yacht and pay no American or Canadian taxes if the vessel is registered in Canada and navigates outside of Canada.

COBALT 336 FOR SALE

This is one IMPECCABLE example of this gorgeous boat. This must rate as one of the ultimate bow-riders out there, with the uncompromising build quality of Cobalt. Deck comforts abound, as well as a full head, and cabin capable of sleeping two in comfort with flat-screen entertainment, air-conditioning, and Kohler generator. Add to this the full zip-on canvas (new in 2020) providing all-weather standing height enclosure of the deck, and privacy if staying on board in a marina.

380HP Volvos (fresh water cooled) with Ocean-X drives (just 350 hours) and joystick control, this boat is capable of bay cruising at speed and in comfort even on a choppy bay. Having always been lift-kept, and stored indoors over winter by the current owner, I would defy anyone to find a pre-owned boat in better condition.

It is also possible to purchase the trailer (to be negotiated – not included in price) which was custom-adapted to fit this boat, and is a heavy-duty rig, perfect should you want to relocate the boat for winters in a southern climate.

Too many inclusions and options to list, but the original build sheet available along with transferable warranty. One unique add-on is the standing height zip-on mooring cover. Ideal for protection from the elements and privacy when on the dock.

The folks at Boat Guide Web wrote this awesome description, so yeah, I'm stealing it...

additionnelles:

Cobalt 336 The new 336 will mean so much to so many, and each lucky owner will find exactly the boat of which she dreamed: sporty cruiser, massive bowrider, accommodating day boat, comfortable overnighter, performance sportboat, flat-out exhilarating machine. Each 336 owner will find the features uniquely his: the award winning Cobalt ride, the leathered luxury of the cabin, the handling of a Ferrari, layback ball-game room for a dozen buddies.

A few particular traits of the 336 jump at first look. The panoramic side windows in the hull bring the outside in and reflect the envious stares of dockside passersby. Even the windshield invites further investigation of its stainless-steel strength, its wraparound handsomeness. The cabin lies below the helm. At once snug and expansive, with a sofa stretching out there nine full feet and swiftly changeable to a berth capable of sleeping two adults and a three-year-old interloper, the cabin makes full and fine use of its spaciousness, by turns air-conditioned or heated as the day's outing or the week's cruise might require. Inside a cabinet designed to very specific purposes of entertainment and efficiency come a 27" LCD HD television, a Blu-Ray player, and a play-station hookup. The portside head compartment looms enormous, ready to double as a shower seat.

Available in meaningful twin-engine configurations, with or without joystick control, the 336 means power as needed, control as desired, luxury and comfort as expected. And, to top it off – literally, the optional stainless arch and hardtop is immediately self-explanatory in its popularity.

Told you it was good! This knock-out is being stored inside all cozy and warm, and we can get you on board to see it anytime. Don't miss out on making next summer the best of your life.
